

WHAT IS SCOTTISH RITE?

Our ultimate goal, simply stated, is mankind's moral, spiritual, and intellectual development. We carry out our mission in a series of spiritual, charitable, and moral programs – one of which is the dispensing of charity without regard to race, color, or creed. The Scottish Rite Hospital for Crippled Children in Atlanta, Georgia, was the forerunner of the vast chain of Shrine Hospitals across the nation.

Ours, therefore, is a strong voice for human dignity, justice, morality, and civic responsibility. Through our teachings, millions of men and women have discovered an opportunity to lead more rewarding lives. The examples of our actions have been as stirring and inspiring as that of our collective commitment to true human progress. Of the 2.5 million Masons in the United States, over one million of them have gone on to become Scottish Rite Masons.

The headquarters for Scottish Rite Masonry is located in the "House of the Temple" in Washington, DC. The "House of the Temple" is an awe-inspiring monumental structure and serves as the nerve center for the Scottish Rite organization. The Scottish Rite Headquarters houses the offices of all department heads, administrative branches, and staff. These include the office of the Scottish Rite Grand Secretary, Director of Education and Americanism, Chairman of Masonic Relations, and Managing Editor of the "Scottish Rite Journal" which is the Scottish Rite monthly magazine.

“100 Years More of Frank S. Land’s Vision”

Nearly 100 years ago 9 young men started DeMolay with the help Frank S. Land. We have seen much change over that time. Dad Land had a vision of the organization and a specific purpose, what do you believe the vision of DeMolay will be over the next 100 years? Cast that vision forward for the next 100 years and write a vision statement on what you think DeMolay should become in the future. What would it require in order to achieve that vision?
